

## ThingWorx® SCO Academic Teaching License

The PTC Academic Program provides the tools to deliver a modern product development education with industry-standard design and collaboration software used by the world's leading companies.

### Leverage the industry-ready ThingWorx Platform to prepare your students for tomorrow's challenges

This package is perfect for users interested in developing a complex IoT project.

Included with the teaching license is access to [PTC University](#), which contains beginner, intermediate, and advanced courses focused on IoT business strategy and software application development. Each course is self-paced and includes engaging videos, project based challenges, and dynamic learning exercises which allow learners to immediately apply key concepts.

The benefits of the PTC ThingWorx SCO are:

- Access to full version of the [ThingWorx Platform](#). ThingWorx Foundation connects to all of the ThingWorx components, providing a simplified, seamless approach for developers to create comprehensive IoT solutions
- Access to the [Marketplace](#) and possibility to download and install extensions
- Access to Analytics Server with 8 cores, Utilities and Gold Support (online and phone support)
- 50 seats
- Maximum connected assets: 2500
- ThingWorx asset advisor
- Access to [PTC University](#) to help your students understand key concepts of IoT and apply them immediately to specific use cases
- Access to [ThingWorx Community Site](#) and [AcademicSuccess@ptc.com](mailto:AcademicSuccess@ptc.com) for additional support
- Access to [ThingWorx Utilities](#) and [ThingWorx Analytics](#) included
